CLUBS OPPOSE 'PLAN X' FOR BRIDGE TERMINAL AS FAVORING OAKLAND

S. F. Municipal Operation of All Bridge and Other Transit Facilities Supported

Opposition to "Plan X" which calls for one station conveniently located in the Embarcadero area for Oakland bay bridge traffic but which discriminates against the transportation needs of San Francisco and the peninsula was voiced today by the Central Council of Civic Clubs in San Francisco.

At the same time the club expressed itself as in favor of operation by the San Francisco Municipal Railways of all bridge, eastbay and peninsula transportation facilities under one operating head.

The clubs, in a letter to the San Francisco Board of Supervisors, recommended:

1. That the municipal railway of San Francisco operate the transportation facilities of the bridge, including the San Francisco terminal, and the transportation facilities of the various interurban systems now serving the areas from either end of the bridge as a co-ordinated system.

2. That a two-station San Francisco terminal be created as outlined to the San Mateo County Planning Commission by Bion J. Arnold of Chicago.

Advantages in these plans as seen by the clubs are as follows:

(a) Equivalent services in all directions.

(b) The terminal will provide the most convenience to the greatest number of people.

(c) [illegible] will flow freely throughout the metropolitan area.

(d) Natural advantages of all sections will have full play and the fullest and most rapid development of the entire bay area will be encouraged.

"Plan X" calls for a station in the First street area but does not propose to solve the question of what to do with the commuters once they have been dumped in the Embarcadero area.

The Arnold plan would take these commuters by an elevated line over Minna street to Seventh street where connections would be provided with existing peninsula facilities or with western San Francisco lines.

Under the proposal that the municipal railway operate the lines, the clubs would retain for the existing companies the revenues from their own traffic. This would not require purchase of the lines and would prove the most inexpensive plan for a co-ordinated system which would permit through routing as proposed by Arnold.

The clubs declare that landing peninsula commuters at "Plan X" would multiply the disadvantages which already exist in getting to the financial, shopping and amusement districts.

"Plan X," declare its opponents, will discommode 85 per cent of the commuters and would greatly inconvenience this traffic by adding to it the flow from the peninsula.

RELIEF WORKERS ARE CLASSIFIED

Occupations of All Getting Aid Listed In New Plan

A complete occupational classification of all persons on relief rolls in San Mateo county is being taken, Capt. L. G. McAloney, director of the county Emergency Relief Administration, announced today. The classification covers everyone in the relief families over 16 years of age.

Because of a desire to adapt the client to his work, it has been necessary to make personal contacts with each family to secure the information. The regular occupation of each person and an alternate occupation has been classified.

With this information, persons assigned to work will be more nearly qualified to do work they are assigned to than has been possible in the past.

It has required a crew of from eight to 15 people to secure the information desired by the government. At the present time there is a large crew compiling the information that has been secured, and forwarding it to the state office in San Francisco for coding and classification. When this work is completed it will be turned over to the work division of the SERA for its use in assigning, according to Capt. McAloney.

Three Youths Held For Stealing Gas

BURLINGAME, July 8.—Three youths, 15, 16 and 18 years old, were in the Redwood City juvenile home today charged with stealing gasoline. They were arrested Saturday night in Burlingame where police found them syphoning fuel with a five-gallon can and a piece of hose from machines not their own.

Medical Office Plan to Require Zone Law Change

Anticipating opposition to extension of existing business districts, the planning commission Monday night decided to suggest an amendement to present zoning laws which would make possible the locating of medico-dental offices at Broadway and Clinton street.

By amending the ordinance and inserting the words "medico-dental" buildings after the word "hospital," the city council would make possible the filing of a permit application for the new institution.

A public hearing would be held before Drs. S. B. MacKenzie, D. F. Brown and Ralph D. Howe could secure the permit desired for the medico-dental offices.

A proposal to locate a service station at Opal and Hopkins street was referred to the petitioner to take up with the neighbors. The petition came from J. W. DeBenedetti.

APPEARS IN 'LES MISERABLES'

Frederic March as he appears in support of Charles Laughton in Victor Hugo's immortal classic, "Les Miserables," which plays the Sequoia screen tonight and Saturday. Also on the same bill will be "Hooray for Love," starring Gene Raymond, Ann Sothern and Bill Robinson, world's greatest tap dancer.

Fireman Saves Woman Periled In Upper Room

One Visitor Suffers Slight Injuries During Fire

Endangering the lives of four elderly women, fire starting from an electric water heater which in some manner came into contact with bedclothes badly damaged a bedroom of the home of Miss M. T. Cluness at 111 Wellesley road at 9:45 o'clock Monday night.

More serious damage was prevented by Ernest Bevilockway, driver of one of County Fire Warden Bert Werder's trucks. He was called at first by Miss Cluness since his garage is but a few blocks from her house. He immediately summoned the Redwood City department, then rushed to the house and rescued Miss Cluness from her upstairs room, which was filled with smoke, and guided the other three women outdoors. He then kept the flames in the bedroom under control with dishpans full of water until Chief Mark Ryan and his department arrived, after which the flames were quickly extinguished.

The fire broke out in the room of a Mrs. Fairbanks of San Diego, a guest summering with Miss Cluness. She vainly tried to extinguish the blaze which she discovered upon returning to her room after a short absence. She had left an electric rod in a glass of water to heat the fluid, and in some manner it apparently touched the bedclothes, setting them afire. Mrs. Fairbanks suffered slight burns on the arm, for which she refused medical treatment.

Others in the house were Mrs. Emma MacBeth, employed by Miss Cluness, and a Miss Tiger of Sacramento, who also was visiting Miss Cluness.

The house is the former residence of Mayor Charles Lambert. He built the home and lived in it many years before selling it to the present owner. Damage, which was confined to the one room, was covered by insurance, Miss Cluness said.

Firemen at 7:10 p. m. had extinguished a grass fire at Bayshore highway and Chestnut street.

SHERIFF NABS LOMITA PARK SLOT DEVICE

Edward Kirby Is Held Over 'Jackpot' Machine

Edward Kirby, 48-year-old proprietor of Kirby's Inn of Lomita Park, was free under bail of $100 today, following his arrest Monday night by Undersheriff Lawrence Nieri and Constable George Krehl on a charge of possessing a slot machine.

The officers raided Kirby's place at 7:15 p.m. and confiscated a "jack pot" five-cent regulation slot machine, they reported.

Immediately posting bail after being booked at the jail here, Kirby is to appear before Justice of the Peace Wade H. Clay in South San Francisco to answer charges of violation of section 330 of the penal code relating to possession of slot machines. Minimum penalty for conviction on the charge is $100 fine.

Technicality Again Delays Sewer Work

SAN MATEO, July 9.—A technicality in the city charter requiring three affirmative votes to award a contract, was called upon by Councilman Emil Stein to again delay the $143,000 outfall sewer project at the council meeting last evening.

Stein claimed that there had been no written authorization made for awarding of the contract for "unit A" of the project to W. J. Tobin. As only Mayor Frank Simmen and Councilman Edmund Keller were present, Stein's vote blocked the proceedings, which were marked by clashes between the mayor and Stein. The council adjourned to Thursday at 5 p. m. when the awarding of the contract will again come up.

Native Sons to Go To Park Tomorrow

Native Sons will journey to the King's Mountain Park tomorrow evening for a business meeting and refreshments. Those planning to go should be at the firehouse at 7 o'clock.

BEAUTIES OF THE PENINSULA

Both the girl and the "mums" are prize winners and they'll be seen at Bay Meadows next October when San Mateo county stages her first annual Garden Floral Pageant. The "mums" are some of the $8,000,000 worth the county ships to all parts of the nation annually.

FETE GROUP SELECTIONS DUE FRIDAY

Permanent Committee For Floral Fete Up on Friday

San Mateo county's $8,000,000 a year floral industry, the county's agricultural resources and is scenic and recreational attractions will be given nation-wide publicity with the staging next October of the San Mateo County Garden Floral Pageant.

Definite assurance that the affair will take place was obtained Monday when the county board of supervisors unanimously voted $5,000 to be used in defraying the promotional expenses in connection with the pageant.

Tentative plans for the affair were outlined and these were presented to the supervisors, winning the body's instant approval. As the result of the board's action a second county-wide meeting will be held at the San Mateo City Hall at 7:30 p.m. Friday.

TO MAP ORGANIZATION

At this meeting a permanent organiatizon will be perfected and officers selected to carry through the final pageant plans. All interested citizens of San Mateo county are invited to attend this meeting and lend their support to the undertaking, which, it is predicted, will focus the interest of the entire nation upon San Mateo county, which will benefit through increased tourist revenues, a greater demand for the county's flowers and agricultural products, as well as through the direct earnings of the fete itself.

It is proposed to hold the affair at Bay Meadows over a four-day period, each day to be marked by a series of spectacular events, including a monster floral parade and battle of flowers on the Bay Meadows track.

PRIZE AWARDS SET

There will be prizes for the best displays, a queen contest, in which a queen will be selected from each San Mateo county community with the possibility of winning a four-day trip to the San Diego Exposition, and scores of other features.

The fete will be brought to a spectacular close with an immense fireworks display, which in itself will be one of the outstanding features of the four days.

It is proposed to make the San Mateo County Garden Floral Pageant an annual event that will rank with the Pasadena Rose Festival, the Portland Rose Festival and the Mardi Gras at New Orleans, to each of which events San Mateo county annually sends thousands of dollars worth of her choicest blooms.

AB 385 May Assist In Refunding Bonds

Signing of AB 385 by Gov. Frank Merriam which calls for refunding of improvement bonds may or may not apply to the 1915 street act bonds, City Treasurer B. E. Myers reported today.

Myers planned to study the measure to see if it could be used in refunding the issues. Offhand he expressed doubt that the act would apply.

FIRE OCCURS IN GROCER'S STOREROOM

Third Night Alarm In Row Calls Out Department

It might have been a mouse that chewed matches and spit fire; it might have been spontaneous combustion, though in what nobody knows; it might have been something else—

Anyhow at 1:20 Wednesday Chief Mark E. Ryan and his aides in the Redwood City Fire Department were called out for their third night-time alarm in as many days to extinguish a blaze in a garage used for a storeroom at the Vera Cash Grocery at Vera and Clinton streets.

But because the fire had been sighted early in its progress by neighbors; because Chief Ryan in his trusty 150,000-mile car that is about to be retired and his firemen in their trucks made a speedy run; and because but little air could get into the tightly enclosed garage, only slight damage was done.

The floor was scorched and several chairs and other furniture stored in the two-car garage were damaged, but the loss was confined to what could safely be called "a minimum."

The blaze apparently started from within the garage, but store clerks were unable to explain how, as there was no wiring in the building and the doors had been tightly closed and locked last night.

North Palo Alto Weed Abatement Given Approval

Abatement of weeds in the North Palo Alto district was rodered Monday by the San Mateo County Board of Supervisors on petition of property owners headed by Mrs. Mona Christensen and J. F. Armstrong. A hearing was set for July 22.

Fire Chief Thomas Cuff appeared to point out the fire hazard which exists. He said the abatement would be undertaken under his supervision. Charges would be assessed against property owners. Costs would run about $2.75 for lots 50 by 120 feet, it was estimated.

Charles Meinert and B. N. Hill sought to have the North Fair Oaks and Ravenswood districts included, but they were instructed to bring in their own petitions.

SERA labor or bond fund labor would be used.

Youth Injured Here Able to Return Home

Bobbie Andersen, 12-year-old son of Mr. and Mrs. Al Andersen, who was injured yesterday when his bicycle collided with a machine driven by Dr. F. S. Gregory, was back at his home at 505 Allerton street today after X-rays taken at the Mills Memorial Hospital disclosed no trace of skull fracture. The boy was reported by his parents as much improved.

Salada Beach Water Affairs Bring Threat

Ferrell Hears Talk Of Recall Against Three Officials

Troubles of another small San Mateo county community were brought to the attention of county officials this week wen residents of Salada Beach appealed to the district attorney's office for assistance in straightening out troubles of the water district there.

At the same time it was revealed by the delegation that a recall movement is underway there against the three directors of the district. Petitions seeking recall of B. B. Smith, L. B. Belser and Isaac H. Cory are being circulated, they disclosed.

District Attorney Gilbert Ferrell was informed at the meeting, for which the supervisors' chambers were used, that in parts of the district residents were unable to get any water whatever, and that in other sections of the beach settlement the service was unsatisfactory.

INTEREST LACK CHARGED

They claimed they had been unable to straighten out the matter by discussion with the directors, charging that the three men were San Francisco residents who came to Salada Beach only on weekends and consequently were not overly interested in the situation there.

The answer of the district directors, according to the delegation which appeared here, is that there is insufficient money to supply the water, which is secured through wells.

District Attorney Ferrell promised the group to investigate their charges. About 250 residents live in the coast town permanently, while a large number of San Franciscans have week-end homes there, according to Ferrell.

It was the second recent request made to the district attorney by a small community, Bayshore City having recently appealed for aid in untangling affairs of its sanitary district.

SPAN TRANSIT PERMIT HELD TO 7 YEARS

Toll Authority Retains Right to Operate Trains Itself

Including terms agreed upon orally at a recent conference of bay area city attorneys and Toll Bridge Authority executives, tentative contract terms have been drafted fixing seven years as the minimum for operation of rapid transit service over the San Francisco-Oakland bay bridge.

At the end of that period, the toll authority could operate the lines itself or turn them over to a public utility district.

Fares for the first 18 months would be at present rates.

Provision is made also that operation of transbay passenger ferries by the contracting railroads must cease when bridge operation begins. However, automobile ferries can still be operated between east bay points and San Francisco.

The proposed agreement, which will be submitted to Bridge Attorney F. M. McAuliffe for approval and then to city attorneys and the Southern Pacific and Key Systems, makes it mandatory for the railroad companies to continue operation, if the authority so desires, until all outstanding bonds against the bridge, including the $15,000,000 federal loan, are retired. This has been figured at about 35 years.

In providing that operation of transbay passenger ferries must cease, the draft provides definitely that no severance damage will be paid the companies for loss of the ferries.

Meanwhile, personnel of the executive committee of the San Francisco Rapid Transit Advisory Committee, to direct the campaign for the proposed $56,200,000 subway and surface system, was announced by Marshal Hale, general chairman. Harold K. Crane heads the new committee, assisted by 14 San Franciscans representing all lines of business.

JENSEN RITES HELD

BURLINGAME, July 8.—Funeral services for Mrs. Lydia Jensen, who succumbed to burns received when trapped by a fire at her home here, were to be held this afternoon at 2 o'clock at the William F. Crosby parlors, Burlingame. Cremation was to take place following the rites at the Cypress Lawn Cemetery.

BOARD TOLD ANNEXATION LIES AHEAD

Realty Man Sounds Danger in Lack Of Harmony

Continued disputes between the supervisors will make it possible for "San Francisco to gobble us up," W. L. Meussdorffer, Redwood City realty agent, declared Monday before the board, after he had been thrust into the center of the county engineer dispute.

Meussdorffer had appeared to request county participation to the extent of $469 in the $1,598 improvement of Encinal avenue in the new Felton Gables at Menlo Park.

Figures on the project were presented by Deputy Engineer Richard Amick, which brought fire from Supervisor Albert Witt, Colma, that County Engineer Carl Scott was not recognized as engineer by the majority of the board. Amick is a Scott deputy.

"I don't care to get into the controversy over the engineer," Meussdorffer said. "But if this board does not get together and end its squabbles the first thing you know San Francisco will be gobbling us up."

Witt's objection was that no funds should be spent on Encinal avenue or any other avenue until it had been classified. This work has been delayed by the controversy between Scott and County Engineer-Appointee Urban Marshall.

Supervisor John Poole, Redwood City, who offered his support to Meussdorffer's appeal, charged that every proposal coming up in his district was being blocked. "That's a lot of imagination," Witt fired back at Poole, declaring that 80 per cent of the road tax was being spent in the Third District.

Supervisor Walter High, Burlingame, also disputed Poole.

High then moved, Poole seconding the motion, that Meussdorffer's request be submitted to the district attorney for a ruling as to whether or not the money can be spent.

County Roads Free Of Traffic Fatalities

For the second successive weekend, San Mateo county highways were free of fatal traffic accidents, although the record was marred by the three fatalities over the July 4 holiday.

Several people sustained injuries, however, Doris Ulrich, 19, of San Mateo, being bruised when her automobile crashed into a telephone pole in that city yesterday, and two San Francisco men suffering injuries in a head-on collision on El Camino Real near Baden. They were George Navor, 42, and J. L. Baldwin, 25, both of San Francisco.

Two Palo Alto men and a boy were injured near Gilroy Sunday. They were A. A. Young, 96 Churchill avenue, and his nephew, Malcolm Young, 24, and Donald Young, 11. Their injuries consisted of cuts and bruises.

Ground Is Broken For New Firehouse

BELMONT, July 8—The first shovelful of dirt was turned today to break ground for Belmont's new fire house.

Similar in style to the new pump and office building of the Belmont water district, it will be of stucco with tile roof. Plans call for a dormitory of eight beds, lounge, kitchen and dinette, office for the fire chief and room for two fire trucks.

City Market Opening Set For 8 Today

Schwartz, Casaretto To Operate Store At 844 Main

Announcement of the opening of the City Market was made today by E. Schwartz and Louis Cassaretto. The market, located at 844-46 Main street, has been completely renovated and the grand opening has been set for this morning at 8 a.m.

Meat, fish and poultry will make up one department, while a complete line of fresh fruits and vegetables will be handled on the other side of the large store. Bread, milk and eggs will also be carried. It is expected to later add a complete grocery department.

Mr. Schwartz has been associated with the fruit and vegetable business in both the wholesale and retail field for the past 10 years and at the present time also operates the Riverside Produce Company, wholesale fruit and vegetable business, with several trucks covering Central California.

Mr. Cassaretto is proprietor of the City Market in Menlo Park and several years ago operated the City Market in Redwood City, which he is now re-opening. He will be in charge of the meat department.

BIDS ASKED ON SECOND COAST UNIT

State Will Examine Offers July 31 At Capital

Assuring early construction of the second unit of the coastside highway, bids have been called for the 3.6-mile section between Edgemar and Thornton, it was learned here today.

Bids for the project will be opened July 31 in Sacramento.

The job includes grading, surfacing with crusher run base and applying bituminous surface treatment to the 3.6-mile sector. The commission had canceled a previous bid call for this week, and the project is being readvertised.

The work involves approximately 250,000 cubic yards unclassified excavation; 1,150,000 station yards overhaul; 15,800 tons of crusher run base, and numerous other items.

Pilot Light Glare Mistaken for Fire

Responding to a telephoned alarm that Sequoia high school was ablaze, 20 Redwood City firemen and a number of twonspeople at 4:30 a.m. Monday rushed to the scene only to discover they had answered the second false alarm there in three weeks.

The alarm had been turned in by a watchman who believed a reflection from a pilot light in the furnace was a fire.

More than 300 feet of hose were laid by the firemen after they made the hurried dash to the scene.

On June 17 the accidental cutting of the alarm box wire by a workman caused an alarm to be turned in from the school.

Firemen did quell several grass blazes over the week-end. Saturday at 2:20 p. m. a grass fire at the airport called out the department, while three hours later one at Fenger and El Camino Real caused an alarm to be turned in.

PLAYING AT REDWOOD THEATER

Robert Young and Wallace Beery in "West Point of the Air"

Robert Young and Wallace Beery as they appear in "West Point of the Air" which will play the Redwood Theater screen on Sunday and Monday.

CLAIM SETTLED FOR $75

Settlement for $75 of a damage claim held by Alfonso Roman Jr., 7, against R. M. Jensen for injuries received in an automobile crash May 30 was approved today by Superior Judge Maxwell McNutt.

Board to Oppose Utility Tax Claims

When public utility representatives appear before the state board of equalization in Sacramento next week to oppose raising of utility valuations in San Mateo county, Assessor Daniel Flynn and probably the board of supervisors will be present to answer the charges on behalf of this county, it was learned today.

The hearing had been called for 1:30 p. m. Monday, but when County Clerk E. B. Hinman contacted the equalization board office today it was agreed the date would be changed so as not to conflict with the supervisors' meeting.

Canadian Veterans Pay 'Buddy' Tribute

SAN MATEO, July 10. — Canadian war veteran "buddies" of Maurice F. Barthelemy, 54, and a host of other friends paid final tribute today to the veteran who was among the first 100,000 to go overseas in the late war. He died Sunday night at his home here.

Barthelemy during the war was once wounded and left for dead on the battle front at Vimy Ridge. He was even piled in a heap with other victims and covered with a canvas, but when one member of the rescue noticed the canvas move, Barthelemy was rescued and taken to a hospital, where he recovered.

Survives include his wife, Mrs. Leona Barthelemy.

San Bruno Exchange Visits Local Club

Fourteen members of the San Bruno Exchange Club paid a visit to the Redwood City club last night at the weekly dinner meeting in the Hotel Sequoia. Presidents Harold Anderson of Redwood City and Charles Butow of San Bruno jointly presided.

Chairmen of the evening were Chief William Maher and Ode Osborn of San Bruno and Joseph Baughn of Redwood City. Talks on recent trips to Kansas by John J. Garland of Redwood City, and to Victoria, B. C., by Louis Traeger of San Bruno, were enjoyed.

Howard Sturz, winner of the Exchange scholarship at Sequoia, was an honor guest of the club.

SCHOOL CONTRACT LET

Contract for remodeling the girls' locker and shower rooms at Burlingame high school at a cost of $6395 has been let to John Looman, it was revealed today with filing of the contract in the office of County Recorder T. C. Rice. The work will be completed in 40 days.

J. M. Winchester, Former Teacher, Dies of Injuries

J. M. Winchester, 78-year-old former Half Moon Bay school teacher, who incurred head injuries after suffering a stroke on a courthouse driveway, died at 4 p.m. yesterday at Community Hospital from his injuries.

Winchester, who lived at the Hotel de Redwood, had just emerged from the relief office on the courthouse grounds at 10:55 a.m. when he was stricken. He fell to the pavement, striking his head.

Rushed to the hospital, the aged man never regained consciousness.

Funeral arrangements, which will be in charge of Parmalee and Phillips (James Crowe Company) are being held up pending outcome of efforts to locate relatives of Winchester.

Kansas supplies more volcanic ash, used for abrasives, scouring powder and soaps, than any other state—and never had a volcano.

Burlingame Arrests Gain Over Year Ago

BURLINGAME, July 8.—Crime is on the increase in Burlingame, according to the report that will be filed this evening with the city council by Police Chief John H. Harper.

The 1980 arrests this fiscal year exceeded by 149 those of last year, although the fines, $3035.48, were $193.20 less.

Two persons were killed and 30 injured in auto accidents during the past year, compared to two killed and 17 injured in the period 1933-34.

Four persons committed suicide in Burlingame this year, Harper reported, while one took his life last year.

MOTORISTS FINED $2.50

Charged with crossing a railroad track in the face of a signal, Charles E. Young, Fred Roebuck and Fred Avilla, cited by State Highway Patrolman Manfred Walzburg, have been fined $2.50 each in the justice court of Judge Edward I. McAuliffe.

In Switzerland, where amateur aviation is making substantial progress, not a single amateur flier was the victim of a fatal accident last year.

Retail trade in the Phillippine Islands is dominated by Chinese merchants with Filipino merchants second, and Japanese third, in volume of business handled.

Wise Cooks

depend upon Golden State Evaporated Milk. They use it in baking, in making cream sauces and milk desserts. They include it in mashed potatoes. By chilling it, they can whip it just like fresh cream. The reason Golden State Evaporated Milk is so popular is because it has a delicate flavor and richness that no other brand has. And last but not least, it's economical.

Funeral Rites Held For Drowning Victim

HALF MOON BAY, July 8.—Last rites for Joseph E. Santos, 25, son of Mr. and Mrs. Joseph Santos, pioneer ranchers of this district, were held here Saturday. Young Santos drowned in San Francisco bay while fishing off Pittsburgh in Contra Costa county June 30, but his body was not recovered until Thursday after four days of dragging.

The young man had been fishing with a party of friends from a launch. Attempting to transfer from the launch to a small row boat, Santos slipped and struck his head against the row boat, sinking immediately. Efforts to locate his body immediately failed.

Tax Delinquency Less This Year— By .04%

Redwood City's tax delinquency this year is smaller than last year's—by .04 per cent.

This was revealed today when City Clerk B. E. Myers completed tabulation of tax collections during the past year.

Of the total of $158,018.28 to be collected, all but $21,042.28 has been paid, he disclosed, leaving a delinquency of 13.31 per cent. Last year the delinquency was 13.35 per cent.

JUROR S. M. RESIDENT

SAN MATEO, July 10.—L. J. Aubert, named as foreman of the new federal grand jury sworn in here by Federal Judge A. F. St. Sure, is a retired business man who lives here.

Rites for Baby Await Pathological Report

SAN MATEO, July 8—Pending pathological reports on the stomach, liver and intestines of the year old daughter of Mr. and Mrs. Ralph Allen of Half Moon Bay, who died in convulsions shortly after being brought to the San Mateo County Hospital Friday night, no funeral arrangements for the child are being made.

Coroner William F. Crosby said he expected the reports of Dr. H. F. Heald of Mills Memorial Hospital and Dr. Frank Green of San Francisco to be ready within a few days.

DR. MASON RETURNS HOME

Dr. and Mrs. H. E. Mason have returned to their home here after a week's fishing trip on the Pitt river.

Elderly Man And Boy Hurt In Accidents

J. M. Winchester, 78, And 'Bob' Anderson Are Victims

Two Redwood City residents—one a boy of 12 and the other a man of 78 years—suffered head injuries on Tuesday in accidents in which automobiles were involved.

The injured are Bobbie Anderson, son of Mr. and Mrs. Al Anderson of 505 Allerton street, and J. M. Winchester, residing at the Hotel de Redwood.

The boy was hurt at 9 a.m. when the bicycle on which he and his brother, James, 7, were riding collided with the machine of Dr. F. S. Gregory. The accident happened on Broadway near Middlefield road. Bobbie was thrown against the automobile and then to the pavement. He was removed by ambulance to Mills Memorial Hospital, where it was said the boy had a possibly fractured skull, and bruises and lacerations about the head and body.

The youth had at first been given emergency treatment at the local Emergency Hospital by Dr. H. E. Mason and Dr. Gregory.

Police were unable to determine exactly how the accident happened. Both automobile and bicycle were traveling west on Broadway, they reported.

Al Anderson, father of the boy, is a local floor contractor and gymnasium instructor.

FALLS ON SIDEWALK

Winchester was hurt at 10:55 when he was leaving the relief office on the courthouse grounds. He was crossing the highway patrol driveway when the mail truck driven by A. V. McSweeney, 42, of 730 Allerton, was backing out.

Seeing the truck, he evidently became excited and attempted to increase his pace. Being feeble, according to witnesses, he fell, striking his head on the pavement McSweeney stopped his truck before it struck the man.

At Community Hospital, where Winchester was taken, it was reported he had fallen evidently because he suffered a stroke. His condition was reported as extremely serious. He was still unconscious late today.

Winchester is a former school teacher, having taught until a few years ago in Half Moon Bay.

Chance President Will Visit County Boosted By Plans

Hopes that President Roosevelt might be induced to attend San Mateo county's flower festival this fall were given a boost today with announcement in Washington that he plans to start to the Pacific Coast immediately after congress adjourns.

Acording to the United Press, the president expects to visit the San Diego exposition, Boulder Dam and some of the national parks, and then board a fast warship to return him home via the Panama Canal.

If he took the warship from San Francisco, and the festival could be held at a time convenient for his attendance, it was pointed out, it is likely he would consent to attend. Plans had previously been made by festival committeemen to extend the president, through Congressman J. J. McGrath and California's senators, an invitation to attend the show.

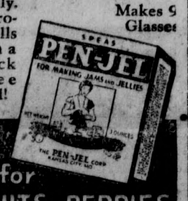
Make Perfect JAM and JELLY this easy way

PEN-JEL insures perfect consistency, even when you use fully-ripened fruits or berries.

So easy to make, with the simple cup-for-cup method plus PEN-JEL.

Good! You've never tasted better jam and jelly. Ask your grocer—he sells PEN-JEL on a money-back guarantee never to fail!

Makes 9 Glasses



ONE recipe for ALL FRUITS-BERRIES

ENGINEER VOTE!

* * * * * *

Wants Matter Settled

* * * * * *

BUT IMPOSSIBLE

A new way to settle the county engineer controversy was suggested today to the board of supervisors.

It would be at the special election which will be held to vote on the proposed courthouse annex.

"Put the matter of the engineer on the ballot," an unnamed citizen who signed himself "A Voter" said. "Let the people choose between Carl Scott and Urban S. Marshall."

In a similar communication to The Tribune another "voter" suggests the same procedure. By settling the matter by vote, the supervisors would be relieved "of the dominating influence that seems to be the cause of all the cheap publicity attached to this fracas," says the postcard.

But it was pointed out today that the matter could not legally be put on the ballot, so what?

VREEBURG RETURNS HOME

Hugo Vreeburg, local painter who was recently overcome at his home by monoxide gas, has sufficiently recovered to return to his Finger street home from the Community Hospital.

Clapp to Get Salary As Hospital Manager

E. W. Clapp, who has been acting as business manager at the Community Hospital in San Mateo without salary since January, today was named manager at a salary of $3,000 a year by Maj. Charles C. Gans, county director of health and welfare. The appointment is effective as of July 1.

Clapp, who for 40 consecutive years was general passenger traffic agent for the Southern Pacific before he retired, brings to the hospital the benefit of his expert accounting and business experiences, according to Dr. Gans, who said he believed acquisition of Clapp would save the taxpayers five times the amount of salary he will receive.

Catholic Picnic Set For La Honda Park

The open air theatre and picnic grounds at La Honda will be the setting next Sunday for the annual picnic on behalf of the Coastside Catholic Missions. This day is the 146th anniversary of the Fall of the Bastile.

Mass will be celebrated in the open air theatre at 12 o'clock.

At disposal of those attending will be a swimming pool.

All coming are asked to bring a basket lunch.

Charles Becker New Commander Of Legion Post

Charles M. Becker Monday was unanimously elected commander of Redwood City Post No. 105 of the American Legion, succeeding Fred Crumb.

Other officers elected were Maj. H. W. Edmonds, first vice commander; J. R. Moore, second vice commander; Millard W. Berry, adjutant; Carl S. Underwood, finance officer; Floyd Granger, chaplain; Charles Ward, historian, and Olaf B. Lindstrom, sergeant at-arms.

Becker and the new officers will hold office for a year.

'Bad Boy' Scheduled To Begin Court Fight

Daly City's "bad boy," Ray Lagomarsino, 27, was scheduled to begin his fight for freedom from Alcatraz prison before Federal Judge St. Sure today.

Lagomarsino, sentenced for a postoffice robbery 10 years ago and returned when he violated a parole by drinking too much and running down a newsboy in San Francisco, has been one of the model prisoners at Alcatraz, according to Warden James A. Johnston.

KIDNAP SUSPECTS HELD IN BAY CITY

2 Accused of Taking Car of Woman After S.M. Visit Nabbed

Two of the suspects sought in the alleged kidnaping of Mrs. May Barry O'Brien, state employe, after she had visited friends in San Mateo July 4, were being held today in San Francisco.

One of them was Robert Montelongo, 18-year-old youth on parole from Preston Reformatony. He admitted, according to Inspector Fred Butz, that he abandoned Mrs. O'Brien's car in Brentwood. His statement led to recovery of the machine.

"But I didn't kidnap her or steal the car," the youth insisted. "I drove her to San Francisco with her consent, and she later gave me the keys to the car."

After she escaped from the hotel room where she charged six men had held her, Mrs. O'Brien said the men leaped into her car on the Bayshore highway just south of San Francisco and forced her to accompany them.

A friend of Montelongo, Ernest Pla, 542A Third avenue, also suspected of other holdup operations, as is Montelongo, surrendered yesterday. He denied the accusation.

An electrically-controlled gauge on the instrument board of a late model of a popular car registers the amount of crankcase oil.

Lonnie S. Jones of Richmond, Va., possesses a copy of the Maryland Journal, printed in 1773, which contains an advertisement by George Washington, offering to lease his lands in Ohio.

Judge Postpones Suit To Force Recall Vote

When Superior Judge Maxwell McNutt yesterday afternoon was informed that a special recall election had been called in Bayshore City for August 12, he continued Bert E. Ford's mandamus suit to force the council there to call a vote until August 19. At that time, if the election has been held, the action will be dropped, according to Meurice Swim, attorney for Ford, Bayshore City shoemaker and leader in the recall movement against the three majority mem-

County Floral Festival Fund Wins Approval

$5,000 for San Mateo Fete Agreed Upon By Supervisors

Definite assurance that San Mateo county would have a flower show and festival this fall was given Monday when the board of supervisors voted to underwrite the project to the extent of $5,000.

Belief that the project would be self-supporting and might even produce a profit was expressed by George J. Davis of Millbrae, one of the festival committee members and a member of the group which staged the last flower festival in this county in 1931.

But on behalf of his committee, he asked the board to set up the $5,000 fund to guarantee financial success of the project, expressing hope that even if some of the amount were needed this year to meet a deficit, within a short time the annual affair could be made to show a profit.

Davis pointed out that this county produced the finest flowers and perhaps largest amount of all counties in the state, and that a display of them would tend to give San Mateo county a great deal of advertising.

Treasury Head Tells Tax Plan To House Unit

WASHINGTON, July 11 (AP)—The opinion that wealth distribution taxes could be levied to raise $118,000,000 to $901,500,000 annually was expressed to the house ways and means committee here by Secretary Morgenthau.

While he was testifying, the White House emphasized that the administration was making no specific recommendation on tax rates and that Morgenthau was simply presenting estimates on schedules suggested by committee members.

A plain intimation was given at the White House that President Roosevelt expected the new tax bill to be confined to the three points he suggested in congress—levies on high inheritances, on high incomes, and a graduated corporation tax to replace the present flat rate.

On that basis, it was assumed the president did not expect congress to make a general revision of taxes by dipping into the medium and lower income brackets.

Morgenthau said "it would be perilous to regard any part of these new revenues as available for new types of expenditures or as justifying any increase over our carefully budgeted plans for federal outlays."

He added that the time has come to move in this direction. It would, of course, be unwise to impose tax burdens which would retard recovery. But it would be equally unwise not to call on sources of revenue which would reduce our borrowings and later reduce the national debt without interfering with recovery, and it is my belief that the additional taxes which the president has now recommended fall within this latter class."

Republicans immediately snapped up the debt reduction idea. Representative Jenkins (R., Ohio), among others, objected that the proposed taxes would have no substantial effect on the debt.

JAPANESE DENY IMPERIALISTIC DESIGNS ON P. I.

MANILA, July 11 (AP)—Assurances Japan has no imperialistic intentions toward the Philippines were voiced here by a relegation of 12 members of the Japanese diet.

"Unscrupulous propagandists have been spreading a report Japan plans to grab the Philippines as soon as they become independent," Busuke Iwamato told insular legislators who entertained the Japanese in the legislative building. "Japan has no such intentions.

"All Japan wants is close trade relationship."

Felicitations were exchanged between legislators of the two countries as Governor General Frank Murphy asked the Philippine legislature to increase the textile tariff to prevent Japanese taking all of that trade away from Americans. The Japanese delegation declined to comment.

Montana Tornado Leaves Two Dead

GLASGOW, Mont., July 11 (AP)—Two persons were known dead and an unestimated number were injured, several gravely, when a tornado and cloudburst swept the Fort Peck area.

The severity of the wind apparently was centered in the Knobhill community of Wheeler, about six miles northwest of the Fort Peck Dam, where the two fatalities were recorded and perhaps a score of persons were injured.

The known dead:

Mrs. Clifford Dashner of Wheeler, killed in the collapse of a building.

An unidentified man, a cook in a Wheeler resort.

Dr. Sersiron of Paris suggested the double-barred cross used as the emblem in the fight against tuberculosis. It was adopted in 1902.

Sullivan Execution Halted By Appeal

An appeal has caused postponement of the execution of Jack Sullivan, 22-year-old youth who was captured by local police and subsequently convicted of murder and sentenced to die in the lethal chammber at Florence, Ariz., today, the United Press reported. Pending hearing upon his appeal from his conviction by a jury of shooting to death a Southern Pacific special officer, his execution has been halted indefinitely.

COUNTY VETERANS MAY BORROW UP TO $780,

SACRAMENTO, July 8 (AP)—San Mateo county veterans may borrow approximately $780,000 under the Veterans' Welfare Bond act to build and buy homes and to purchase farms, Thomas M. Foley, chairman of the Veterans' Welfare Board, said today.

Foley based his predictions on estimates he made and declared improved business conditions would be reflected in the expenditure of the money.

"Under the prior bond issues," he said, "San Mateo county veterans borrowed $1,457,050 to build or buy 302 homes and farms. If this ratio is maintained as funds become available from sale of the $30,000,000 in veterans' bonds voted at the last election, San Mateo county will benefit in excess of $780,000."

Pointing out that each new house built through loans from the Veterans' Welfare Board will keep 11 tradesmen working for approximately three months, Chairman Foley predicted unemployment conditions in California would be eased as the money began flowing into trade channels.

"In addition," he said, "every time a home is purchased, real estate values will be bolstered."

He believes that between now and January 1 the board will have loaned approximately $5,000,000 of the $30,000,000. After January 1, the board expects to approve $1,000,000 in applications for farm and home loans each month.

Souvenirs of Dead Pile Up in Morgue

MONTREAL, July 11 (UP) — Morgue officials here are confronted with the problem of disposing of hundreds of souvenirs left by the dead.

Taken from bodies brought to the morgue over a period of 10 years, scores of gold and silver watches and chains, fountain pens, money, spectacles, sports trophies, prayer beads, pocketbooks, false teeth, automatic pencils and lighters, medals, medicines, cameras and a host of other objects are lying unclaimed at the morgue. Officials are keeping them on file in the hope that relatives will claim them some day.

VINTNERS TO MEET

SAN FRANCISCO, July 11 (AP)—Wine institute directors will meet Friday at San Jose to hear reports on market prospects for the California grape and wine industry. It will be the first statewide meeting of wine industry leaders since before prohibition

LOCAL WOMAN'S MOTHER DIES IN MISSOURI

Word of the death in Bland, Mo., of Mrs. C. M. Terrill, mother of Mrs. William Sweet of Palo Alto, and Mrs. Daniel Custer and Mrs. Ammerman Stapp of San Mateo, has been received here.

Mrs. Terrill, who was 68, formerly lived in San Mateo. Besides the daughters, her husband survives.

NEWSPAPERS WIDELY READ

That newspapers are widely read was demonstrated in Chicago recently when the Chicago Rapid Transit Company inserted a full page advertisement once in each of the daily newspapers of the city.

This advertisement called for the expressions of those using the elevated lines, it being proposed to make extensions if the public demanded them. The result was that within a week 625,000 ballots for the proposition were received by the company to be turned over to the Illinois Commerce Commission whose authority was needed to put the program into effect. The returns represented 72 per cent of the families in Chicago. When it is taken into consideration that many drive their automobiles to work each day and many others use the buses or surface car lines the returns were most revealing, demonstrating the fact that in Chicago at least newspapers are practically universally read.

What other medium could have reached the people so quickly and thoroughly?

Gas Suicide Attempt Fails in Daly City

SAN MATEO, July 9—After attempting suicide by turning on the gas in her Daly City home, Mrs. Phoebe Simmons, 35, San Francisco laundry worker, was believed recovering today at the Community Hospital.

Her husband, Russell, returned late yesterday to find his wife unconscious. He rushed her to the Villa Sanatorium, and she was later transferred to the hospital.

Police said that Mrs. Simmons apparently had attempted to take her own life because, the accusation of a friend that she had stolen a ring, preyed upon her mind.

Data Ordered To Aid Settle 1915 Problem

Council Will Examine Defaults on Each Improvement

Data necessary to assist the city council in arriving at a decision on how to meet the $200,000 defaults in the 1915 street act fund will be assembled by City Manager E. A. Rolison at once under instruction from the city council Monday night.

The council decided the data will be necessary regardless of what method is determined upon as the easiest way out of the financial difficulty.

Each district in which improvements were made under the 1915 street act will be examined and the exact status of delinquencies learned.

REFINANCING LIKELY

Districts where heavy delinquencies have occurred will likely be refinanced under some scheme yet to be decided upon.

Two possible methods by which these defaults could be met were outlined to the council last night by V. N. Lundy, of Davis, Skaggs & Co., San Francisco financial house. Lundy has met with the council and city officials in several sessions in efforts to work out the city's problem.

DEBT TOTAL SOUGHT

Aid of the Redwood City Real Estate Board in appraising the property involved in heavily defaulted districts will be sought, it is expected.

By finding out what the situation is in each of the 35 or more districts in which defaults have occurred the council will be in a position to know exactly how much money will be required to meet the debt.

City Attorney Albert Mansfield reported that foreclosure proceedings against some of the properties involved, which were ordered by the council June 3, will be started immediately.

These have been delayed by the recent illness of City Tax Collector Nelle Miramontes.

STORE LOSES $400 IN CASH TO BURGLAR

Burglars who entered the local store of the University Creamery on Broadway early Monday morning secured approximately $400 from the firm's two cash registers and strong box, it was disclosed today by local police and Martin Christensen, manager of the store.

Effecting his entrance apparently by use of a pass key, the burglar pried open the cash box hidden in the store and containing two days' receipts, removing all the cash but leaving $30 worth of checks.

He also took $8 from one cash register and $4 from another leaving $2 in the first and $1 in the second. It is believed he left the money to avoid exciting suspicion of the girl who opened the store.

Christensen, who himself closed the store at 1:15 a.m. and locked all doors, had left $10 in one register and $5 in the other for change for the attendant who opened the store at 5:30 a.m. Between those two hours the prowler effected his entrance.

The loss was discovered later in the day by Christensen when he arrived and went to secure the the money from the strong box.

MENLO PARK

Elected as officers of the Menlo Park American Legion Auxiliary unit No. 44 at the organization's regular meeting Tuesday night were Dora Devol, president; Helen Beach, first vice president; Jeanette O'Neil, second vice president; Genevieve Cook, chaplain; Elizabeth Lyon, secretary-treasurer; Ruth Syverson, historian; and Helen McCleary, sergeant-at-arms. The new officers will serve for one year.

Miss Grace Partee, who has been seriously ill for several weeks, is rapidly regaining her health at the home of her sister, Mrs. C. M. Weeden, on Roble avenue.

The many friends of Mrs. Mary Hand are sorry to learn that she is in the Redwood City Hospital.

The Past Presidents' Association of San Mateo county held its regular monthly business meeting in Nativity Hall Friday night.

The American Legion Auxiliary garden party, which was given on the estate of Mrs. Carroll A. Devols, was one of the most successful parties ever given by the unit.

Among the prominent people present was Department Poppy Chairman Florence Chess of San Mateo who brought a party of friends. Ruth Syverson, Catherine Derry and Isabelle Lindquist were in charge of the party.

Charles Thomas Jr., nephew of Mrs. W. H. Weeden, contracted fever in an SERA camp and has been taken to the Monterey Hospital.

The W. H. Weedens spent the Fourth of July in Monterey.

Wayne Lindquist left Sunday for a month's visit with relatives in Deer Lodge, Mont., his former home.

Mr. W. H. Weeden met with a painful accident Tuesday. While ripping a piece of redwood, he cut off the top of his finger.

Forty friends of Miss Sarah Fry came from San Francisco Sunday to honor her at a surprise picnic in celebration of her 74th birthday. The San Franciscans, for 20 years friends of Miss Fry, took the honoree to Memorial Park near Pescadero where the afternon was enjoyed.

Miss Aileen McCarthy, beautiful young daughter of Mrs. M. J. McCarthy, has returned from a hospital in San Francisco where she was operated upon for appendicitis. Her many friends will be pleased to learn that she is rapidly recovering.

Mr. James G. Mason and his family have gone to Seabright to spend the summer at their pretty cottage by the sea where for over 20 years the family has spent the summer.

Mrs. Mary Hand has returned from the Palo Alto Hospital and is recovering from a severe illness.

Edward O'Keefe and Richard Roache are back from a vacation spent at Yosemite.

Fire Chief Cuff with his assistants are busy every evening burning the dry grass. His efficiency is shown in the fact that but very few fires have taken place.

Beauty Shop 'Ad' Draws Customers

The Broadway Beauty Shoppe, which was recently opened at 2655 Broadway by Amelia Nunes and Esther Marcella, report that immediate response to their Tribune advertising has given them an exceptionally fine start in their new venture.

One of the features of the new shop is the new comfort shampoo bowl and chair. This new type equipment allows the patron to relax in a deeply-cushioned chair and place her head in the correct position for shampooing with absolute ease.

Boy, 9, Is Injured By Farm Machine

HALF MOON BAY, July 8. — Kenneth Ormondo, 9, son of Mr. and Mrs. Antone Ormondo suffered a broken left arm, lacerations on his right arm, and cuts about the mouth when the sleeve of his left arm became entangled in ranch machinery. He was treated at Mills Memorial Hospital.

Although neighboring towns all around long had been in the hands of British soldiers during the American revolution, Augusta, Ga. did not fall until 1779.

WILLIS THOITS, KIN OF LAMSON, DIES

Palo Alto Man Suffers Heart Attack; Second Death in Family

Willis C. Thoits, 62, brother-in-law of David Lamson, died Monday night at his Palo Alto home of a heart attack, the second member of Lamson's immediate family to succumb since Memorial Day, 1933, when Lamson's wife, Allene, was found dead in their Stanford campus home. The San Jose prisoner's mother, Mrs. A. B. Lamson, was killed last December in an automobile accident.

Thoits died suddenly while preparing to dress for dinner. He returned Sunday from an outing at Yosemite Valley and complained of feeling tired. He spent most of Monday resting.

Thoits, staunch support of Lamson's claim of innocence, was manager of the Palo Alto Building and Loan Association. His wife, Mrs. Hazel Lamson Thoits, and five children, Kent, Jean, Eleanor, Edward and Warren, survive. A brother, E. C. Thoits, also survives.

A resident of Palo Alto many years, Thoits had attended Stanford in 1891.

Besides the two deaths in the family since Lamson's incarceration, Prof. B. O. Brown, Stanford journalism professor and Lamson defense witness, killed himself January 29.

Mosquito Abatement Plans Given SERA

BURLINGAME, July 9.—Decision to ask the State Emergency Relief Association to make a project of covering 10,000 feet of Terrace Creek was taken by the city council here last evening. Residents have complained that the creek is a breeding place for mosquitoes.

City Engineer C. M. Thomas was authorized to draw up the necessary form to make the request. Estimated cost was $10,000, according to Thomas.

Following the regular session, Thomas in an informal meeting with several councilmen, produced plans for the construction of a subway under California Drive at Broadway. No action was taken on the matter, it being merely an informal proposal by Thomas. The subway, 800 feet long and 30 feet wide, would cost $250,000, the city engineer said.

Women in Burma have equal rights with men where property is concerned; husband and wife live on terms of greater equality than in any other country in the world.

FOLEY AND BURK INVITES KIDDIES

Completing the engagement of the big show now playing on the highway near Five Points, the Redwood City Tribune is co-opetating with Foley and Burk to give all children of Redwood City and vicinity a party Saturday from noon until 5 p. m.

In this morning's Beacon and in tonight's Tribune there will be a coupon in the advertisement of Foley and Burk Shows. Any youngster clipping this coupon and taking it to the show grounds will be entitled to any ride or show for only 5 cents. This is a chance to make your money go more than twice as far.

Get these coupons, go to the show grounds near Five Points and enjoy all the thrills on the giant midway as guests of the Redwood City Tribune.

Congress Group Visit to Airbase Set for July 17

Members of the house naval affairs committee will visit Moffett field on Wednesday, July 17, John J. McGrath, representative of this district and member of the committee, has wired J. M. Silvey of the San Jose Chamber of Commerce. A luncheon is being arranged for the group of about 20 committeemen at the naval air station.

Silvey stated that the chamber of commerce will arrange for a committee to meet with the representatives either in San Jose or at Moffett field. During the course of the proposed meeting advantages of further development at the field will be shown to the representatives.

The naval affairs committee will include inspections of San Diego, Long Beach, Los Angeles, San Pedro, the proposed submarine base at Monterey, Mare Island and Puget Sound in their western visit.

New Visiting Hours For Hospital Set

Visiting hours at San Mateo county's Community Hospital have been changed to one hour in the afternoon, between 3 and 4 o'clock, and one hour in the evening, from 7 to 8 o'clock, Dr. Benner, superintendent, announced today. Afternoon visiting hours had been from 2 to 4.

Of approximately 4,500 airplanes, exclusive of transports and exports, constructed in 1929, only one-fourth were licensed at the beginning of 1932; by the first of this year, they had practically disappeared.

COUPONS OFFER CHEAPER RIDES

CREWS LEVELING GROUND FOR R. R.

Legal Obstacles Halt Work on Northern Sector

Although work on the Edgemar-Thornton sector of the line has been temporarily halted, crews of the Adams Construction Company were at work today on a right-of-way of the defunct Ocean Shore Railway just south of an abandoned tunnel on the railroad property near Point San Pedro.

Harry W. Cole, who with Selah Chamberlain of Woodside heads the syndicate which has announced its intention of rebuilding the former railroad, explained that work on the northern section had been stopped because of legal obstacles thrust in the way by the state in its condemnation suits to obtain rights-of-way for the coast highway.

Headquarters of the Adams company, which has placed a dozen men, three trucks and two scrapers on the job, are at Angels Camp. The crew will level off the right of way over a distance of about five miles beginning at the south portion of the tunnel, according to Cole.

About three miles of leveling has been done at Edgemar, according to Cole.

About three miles of leveling has been done at Edgemar according to Cole. The next work will be in the Montara sector.

Cole said two surveys of traffic to be developed over the proposed 79 miles of rail line had been made in the past 10 years and that another will start in about three days, with a well-known expert in charge.

Sewer Project Brings 53 Work In County Park

Construction of the sludge drying beds and cess pools for the septic tank disposal system in Memorial Park have been approved by the state office, according to an announcement today by Capt. L. G. McAloney, director of the San Mateo County Emergency Relief Administration.

The original application provided for one disposal unit, but owing to the required need, a change was necessary and a two-unit system was recommended by the state department of health.

The work is being done at a cost of $4406 to the SERA and $2459 to the sponsor, San Mateo county. The work is in the charge of C. R. Scott, county engineer, who will employ a crew of 53 men per shift. The work will be started at once.

Millbrae Pioneer Dies After Illness

SAN MATEO, July 8.—Robert E. Stewart, 65, Millbrae pioneer and former gold miner, died today in a local hospital following a brief illness. Burial will take place tomorrow morning at Holy Cross Cemetery following funeral services at William F. Crosby's parlors in Burlingame.

Felton Gables Street Work Setback Seen

Menlo Park Council Likely to Reject Fund Appeal

The City of Menlo Park probably will not help to defray costs of improving Encinal avenue, bordering one side of the Felton Gables subdivision, in Menlo Park.

When W. L. Meussdorffer, real estate man representing the tract, made such a request before the council Tuesday, he was told by Councilman Henry Carroll that the city is already faced with meeting considerable delinquencies in assessment for retiring street bonds.

Carroll said that in his opinion it would be unfair for the city to take money from its general or street fund for improvement of a new street in one section of town when it was preparing to levy additional taxes against all Menlo residents to meet bond delinquencies on old streets.

REJECTION SEEN

Meussdorffer was told the council would take his suggestion under consideration, but all indications pointed to its rejection.

Encinal avenue lies partly in Menlo Park, Atherton and county territory. Meussdorffer says that the county may pay for part of the costs, and the Fenton Gables tract for a share. He hopes to have Atherton as well as Menlo Park help also.

The council set next Monday night at 7:30 as the time to study the audit of city books for the past fiscal year and start its work on preparing the 1935-36 budget, on which the city's new tax rate will be set.

The tax rate is certain to be increased, because the city has been ordered by the state supreme court, acting on petition of the Union Safety Deposit Bank of Stockton, to levy special taxes to meet street bond payment delinquencies totaling some $18,000. The special tax is expected to total either 50 or 70 cents per $100 of assessed valuation.

LONG TAXATION SEEN

"This town is in for a long period of taxation," Councilman Carroll observed. He said that the council should take advantage, however, of any opportunity to lighten the burden on the taxpayers as a whole. Any special foreclosure costs in connection with the meeting bond delinquencies should be charged against the specific pieces of property concerned, he argued, rather than be passed on to residents in general.

Prospects of effecting repairs on the 800 block of Creek drive bordering San Francisquito creek in Menlo Park through SERA aid were buried under wet blankets when Mayor James E. Cooper reported that the property is private and therefore not subject to governmental financial help.

WARNING LIGHT ASKED

City Attorney James O'Keefe Jr., was instructed to confer with county authorities about erection of a traffic warning sign and red light on Santa Cruz avenue at Holy Cross Cemetery, where many motorists have come to disaster at a sharp turn in the road.

The turn lies outside the city limits, Police Chief Henry Carroll pointed out, but Menlo Park police are honor bound to investigate accidents that occur there.

$700 Damage Results From Coastside Fire

SAN GREGORIO, July 8.—Damage to the lunch stand and barber shop operated by Tony Silva, which was struck by fire Saturday, was estimated today at about $700. The fire was started when Silva lighted an oil stove, he said. All furnishings in the building were destroyed.

Hero of the fire was C. M. Peterson, partner in the general store of Peterson and Alsford, who dashed into the blazing interior of the shop with a three-gallon fire extinguisher, and brought the fire under control within a few minutes.

SUPERVISORS TO CALL SPECIAL COUNTY VOTE ON ANNEX THIS FALL

August 13 Not to Be Date of Election, Board Decides

PWA AID ASKED

$81,000 Grant Wanted Before Proposal Goes to Test

Choosing to submit the project at a special county election late in August or early in September, the San Mateo County Board of Supervisors Monday authorized formal application to the Public Works Administration for an $81,000 gift toward the $181,000 courthouse addition.

The board decided against submitting the project on August 13 at which time the special state election will be held.

This decision was made after it was reported by District Attorney Gilbert Ferrell that Attorney Gen. U. S. Webb had ruled that the two elections could not be consolidated. The two elections could be held on the same day, however.

WILL CUT EXPENSE

The board agreed only $7 will be paid on election polls instead of the usual $10 in order to save just as much money as possible in conducting the county election. Precincts will also be consolidated.

Supervisor Fred Beer, San Mateo, declared that sentiment which he had so far sounded out had all been in favor of submitting the wing to the public for approval because of the huge grant offered.

"The board has no right to take this decision away from the people," he said. "The working people are for it because of the large amount of money which will be made available for wages."

BEER STRESSES NEED

Beer spoke of the need for the wing to end the "inconvenience and lack of efficiency" which resulted from having offices scattered all over the city.

Supervisor Albert Witt Jr., Colma, who had favored submitting the project August 13, declined to approve the special election until assured that consolidations would be made which would cut down the expense of the election.

Supervisor John Poole, Redwood City, also spoke in favor of the special election after Ferrell had given his ruling.

The board agreed unanimously to submit the project at the county election, after Supervisor Beer had moved and Supervisor Poole had seconded the motion.

County Executive Walter Kellogg will prepare cost estimates on the project and Ferrell and the planning commission will file the formal application for the PWA grant.

July 28 Is Set For Dedication Of New System

BELMONT, July 10.—With 96 per cent of Belmont's new water system complete, the water commissioners last evening officially set Sunday, July 28, as the date for open house and dedication of the system. Formal invitations will be mailed to heads of various water and other organizations. Peninsula officials will also be guests of the district for the occasion, according to L. A. Elsener, president.

With the last $2000 block sold several days ago all of the $45,000 water bonds have been disposed of, the commissioners were informed.

The report of Elwood Curtis, manager of the district, revealed that 2¼ services were turned on and the system was operated by the district with a gross profit of $552.60 for June.

Engineer W. W. Hendricks reported that work on the laying of a new water main on El Camino Real has been held up pending granting of a right-of-way. Six and a half miles of pipe have been laid. Sixteen new hydrants have been put in.

The engineer has requested a survey by the board of underwriters to lower fire insurance rates for Belmont. Hendricks said the officials will be in Belmont next week.

Two arrow signs directing people to the office of the water company will be installed at Notre Dame and Ralston boulevard, the engineer said.

Scott's Salary Plea Hearing Set Monday

Hearing on the new petition of Carl R. Scott to secure his pay as county engineer pending determination of legal title to the office will be heard Monday, instead of Wednesday as tentatively set at the time of filing of the petition, it was disclosed today. The hearing will be before Judge Maxwell McNutt.

Jury Duty to Call S. M. Mayor, Others

Included on the new panel of 25 jurors selected today for duty in the court of Superior Judge Maxwell McNutt during the next three months are Frank P. Simmen, mayor of San Mateo, and Claude Hirschey of Hillsborough, member of the county Democratic central committee.

From Redwood City Maude Canvin, Edward Mallen, Estella Seufert, Laurence A. Heiner, Ellen T. Wolf, Thomas Coats and C. H. Feldbusch were drawn. Also named were Elizabeth Strobeck and George P. Schaefer of Menlo Park; Percy Jarvis of Woodside and Henry F. Ross of Half Moon Bay.

Approximately 11,900,000 words are spoken annually by the average man.
